

Rig Inventory

Rig # 6

Rig Overview

Rated Depth	2000
Number of Loads	12

Drawworks

Make	Rig Master
Model	E 30 AC 1000hp
Hoisting Capacity	66,700 daN

Substructure

Make	Rig Master
Model	ST 11.5-14.4-125 A
Type	Step down; self leveling
Setback Capacity	Tubulars picked up-layed down
Floor Capacity	55,600 daN
BOP vertical clearance	3.5m
Floor height	3.8m
KB-ground	3.9m

Basic Measurements

WC to sub; pipe launcher side	2.44m
WC to end of pipe launcher	22m
WC outside edge of doghouse	7.6m
WC to outside edge of mud tanks	8.6m
WC to outside edge of combination building	27.5m

Mast

Make	Rig Master
Model	MT 80-6.6-150A
Type	Telescoping single
S H L 4 line	66750 daN

Top Drive

Make	Rig Master
Model	RT150 HI
Capacity	66750 daN

Drilling Line

Line Type	Performance 619
Line Size	1"
SLB Strength	45,992 daN

Pump

Make	National
Model	7P50

Pump Power

Make	National
Model	7P50
Output Power	600 hp

Mud System

Total Volume	75 m ³
Active Volume	58 m ³
Compartments	4

Shale Shaker

Make	Brandt
Model	Cobra

Degasser

Size	152.4 mm
------	----------

BOP Stack

Size	229 mm
Rating	21000 kPa

Choke Manifold

Size	76mm x 51mm
Rating	21000 kPa

Light Plant (2)

Make	Detroit Series 60
Rating	525 kW each

Pipe Launcher

Make	Rig Master
Model	1050-2

* c/w positioning and leveling outriggers and twin casing racks
